Benefits

A refined elevated look and feel.

Our fresh, modern, and fully configurable collection has limitless possibilities. With a modern contemporary design and features like integrated wire management, this collection will make your environment stand out from the rest.

Expresses brands everywhere and anywhere.

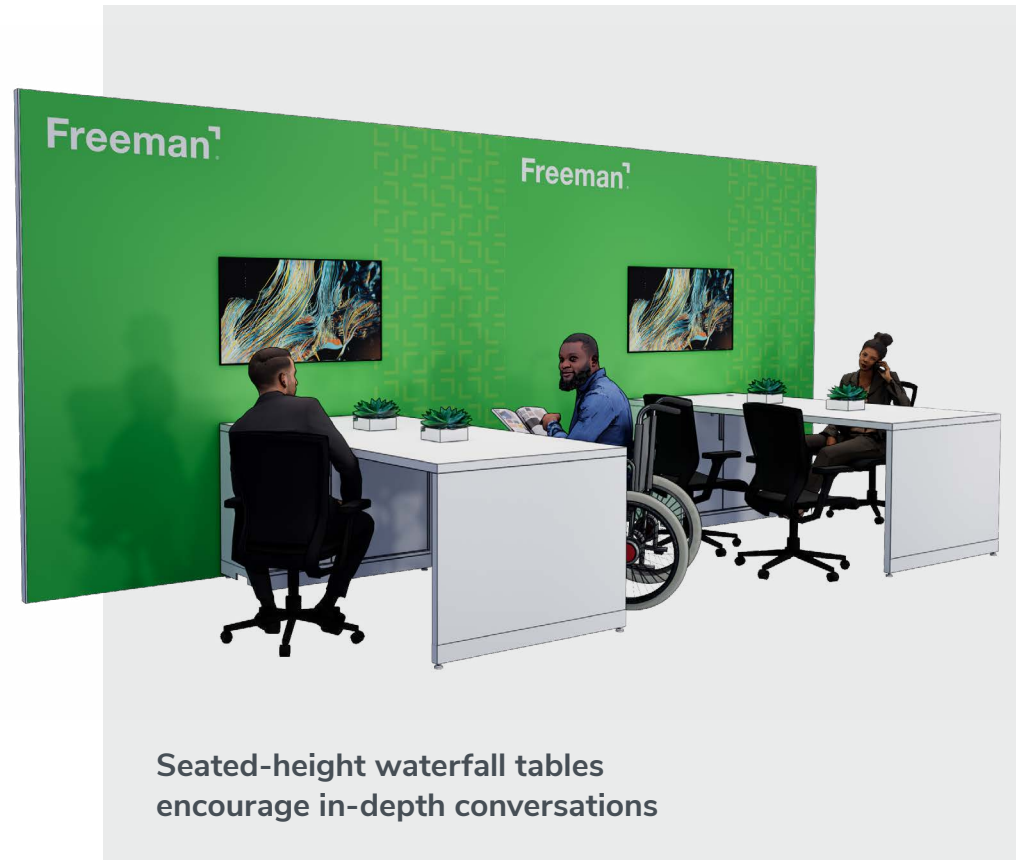

Fun fact. The perfect look and feel impacts brand awareness. Maximize the impact with your audience with these offerings.

Sustainable and reusable.

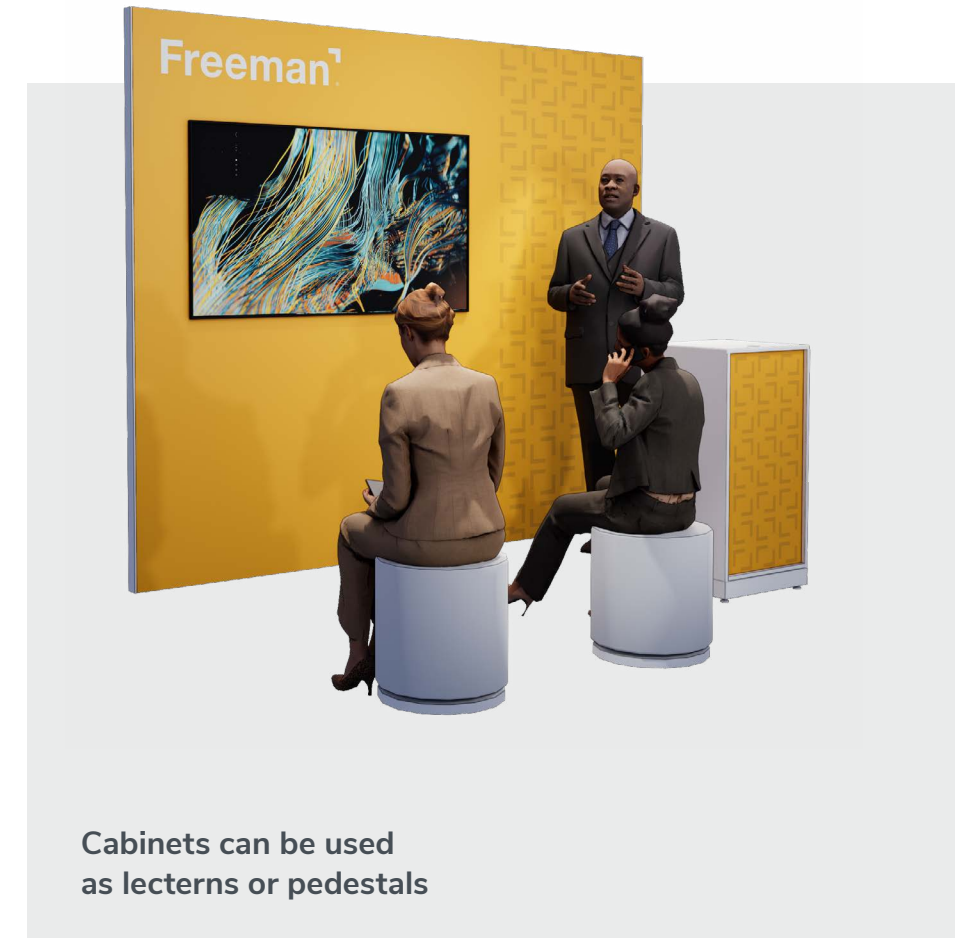

This collection can contribute to your company's sustainability goals. The materials are selected with intention. By partnering with best-in-class suppliers, everything is designed with longevity in mind.

Elevated and flexible.

Here are a few environmental examples to give you an idea of how these new offerings can be incorporated into your events.

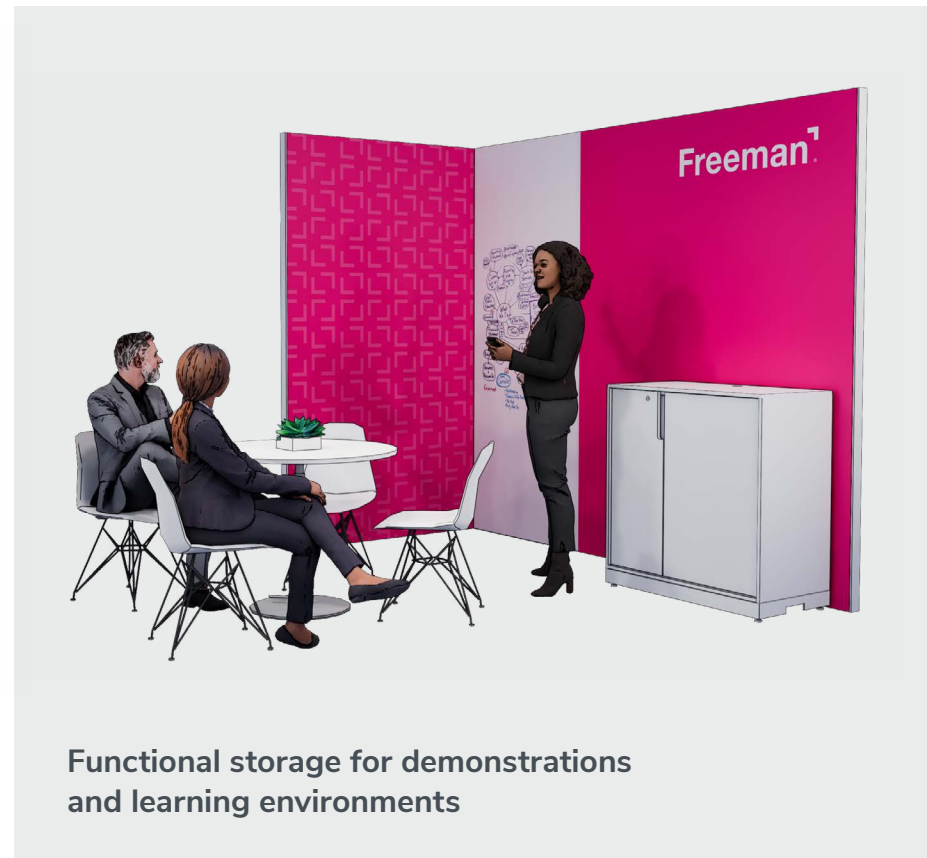

Seated-height waterfall tables encourage in-depth conversations

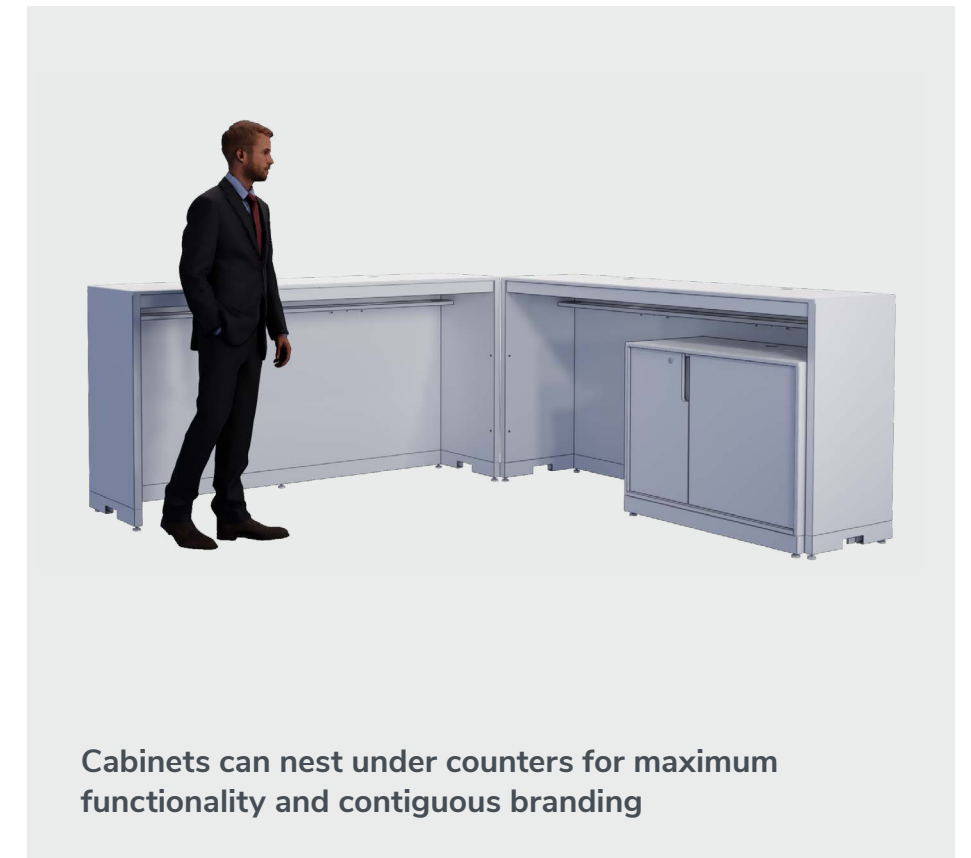

Cabinets can be used as lecterns or pedestals

Curved counters create a welcoming environment

Functional storage for demonstrations and learning environments

Cabinets can nest under counters for maximum functionality and contiguous branding

Products support multiple types of product displays

Product can also serve in support roles for all event environments

41”H waterfall tables support shorter demonstrations and presentations

Combine counters with cabinets for functional and flexible registration environments

It's a family affair.
